## **SUGAR DAYS CELEBRATION & COMMUNITY BREAKFAST:**

We would like to thank all those who joined the celebration. We especially want to thank our Parks & Recreation Commission, city staff, mayor, council, volunteers and sponsors who made the celebration possible.

- Idaho Central Credit Union
- Stone's Automotive Group
- Dickinson Frozen Foods
- Rocky Mountain Power
- PSI Environmental Services
- Rusty Spur Country Swing
- Fuzion Dance Studio
- Broulim's

### **YARD AWARDS FOR JUNE:**

Kevin & Cindy Miyasaki  
Rick & Britni Holman  
Jayden & Emily Cornelius  
Matthew & Audrey Taylor

**PUBLIC HEARING:** There will be a public hearing on Wednesday, August 4<sup>th</sup> at 7 p.m. for additions to Planning & Zoning Code concerning a Landscaping and Buffering Ordinance, an Open Space Ordinance and a Dark Sky Ordinance. Information for the hearings is at city hall or online at [sugarcityidaho.gov](http://sugarcityidaho.gov).

## **GARBAGE COLLECTION:**

- PSI Environmental will **not** pick up garbage sitting outside of the provided container. If you need more than one can for your garbage service please call city hall to obtain a second can.
- There are many garbage cans reported as damaged. If you have a damaged can please call city hall to have a new one delivered.
- Please tie garbage bags tightly before placing garbage bags in containers.

## **IF YOU WOULD LIKE TO REDUCE YOUR WATER BILL, HERE IS A SUGGESTED WATERING TIP:**

According to research from Utah State University in Logan, Utah, lawns don't require as much water as many of us are giving them. Lawns should receive ½ inch of water every 3 to 4 days. Place water cans or buckets around the yard when you water. As soon as you get ½ inch of water in the can, stop watering and remember how much time it took the sprinkler to put that much water out. Set your timer to only give that much water every 3-4 days. You will have to water more frequently as it gets hotter in July or August (every 2-3 days). Increasing the amount of water only washes through the soil. There are also many water savings tips out online.

Water Usage Facts from <https://www.networx.com/article/water-conservation-tips>:

1. The average North American uses 50-70 gallons of water daily. That amount can double in summer, with lawn and garden care, swimming pools, etc.
2. Three-quarters of all indoor water usage is in the bathroom.
3. In a typical North American home, the toilet accounts for about one-quarter of total water use.
4. Running a sprinkler for two hours can consume as much as 500 gallons of water.
5. Washing your driveway or sidewalk with a hose gobbles about 10 gallons per minute.
